GRANT'S TROUBLES.

A Press dispatch from Washington conveys the intelligence that General Grant's financial ship is again in shoal and in danger of striking the rocks of poverty in the financial sea. It is claimed that the two hundred and fifty thousand dollars raised by Jones, of the New York Times, and invested in Wabash railroad stock has melted away to nothing. Grant's New York investments have all been unsuccessful, and he is again a poor man. Grant went into Wall street with a nice little fortune, and, as thousands before him have done, lost the last cent. The people have been generous, and given Grant an elegant residence in New York City, and money enough to live like a Prince all the days of his life. He invested it in Wall street, and found out after it was too late that "inside money made the game." Grant's son "Buck" is rich, and making money, and no doubt will keep the hungry wolf from his sire's door. Should General Grant be restored to the army he would be fixed for life. Perhaps it would be the cheapest in the end for Congress to pass the bill now pending restoring him.

EDITORIAL NOTES.

The N. Y. Sun says: The enormous emigration now approaching us has been forecast by February's arrivals. They number 18,751 for that inclement month, against 9,753 for the same period of last year, whose record had been unprecedented, and was made at the time the subject of wondering comment. At this rate it would not be surprising if the month of May or June alone should bring us 100,000 immigrants, or more than came during the entire Centennial year.

Queen Victoria has been upon the throne for the long period of forty-four years, and she is now sixty-three years of age. Her reign lacks but a single year of being as long as the reign of Queen Elizabeth. Yet should Queen Victoria enjoy as long a life as that of her grandfather, George the Third, and wear the crown till her death, her reign will run into the twentieth century, and her subjects of 1901 will gaze upon her in the eighty-second year of her age.

The Lakeview (Oregon) Herald says that the remnants of the Modoc Indians that were transferred from the lava beds to the Indian Territory are now among the quietest, most peaceable and industrious in the country. There are only 100 left, but they cultivate 400 acres of land, have established schools, and are thriving generally. Scarface Charley, one of the heroes of the Modoc war, is now a respectable farmer.

The New York Sun prints an unpublished letter from General Garfield to Salmon P. Chase, dated July 27, 1863, in which he complained of Rosecrans' dilatoriness in attacking General Bragg. He says that if Rosecrans had moved earlier, when Garfield advised him to do so, Bragg's army would have been wiped out.

The greatest depth of the English coal mines is 2,800 feet below the sea level. The galleries have a combined length of 58,744 miles, and in the mines there are 378,151 laborers.

Read what the New York Sun says of Hoar's speech: "Senator Hoar's Chinese speech stuns for many things. We thank him for it. He stands on true and noble American ground."

The Chronicle recommends Mr. Williams and the Journal Mr. Shepherd of Elko for Governor on the Democratic side. Either gentleman would do his best for the State.

It is stated that the Senate Committee on Public Lands will report favorably on the nomination of Samuel C. Wright for Receiver of Public Moneys at Carson.

The proposed new State of Dakota has now 115 churches, 405 school-houses and 33 flouring mills.

The Carson Appeal says Hon. Thos. Wren has gubernatorial aspirations.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN.

More of the Debate.

NEW YORK, March 9.

The Tribune's Washington special says: On the Chinese debate the most remarkable event of the day was the introduction of the amendment by Farley providing: "That hereafter no State court shall admit the Chinese to State citizenship." Upon this amendment Hawley secured the floor for a speech, when the Senate adjourned, leaving it a pending question. In view of the fact that the support to this bill by Senators other than those from the Pacific States is based upon a willingness to concede to those States the right to regulate their own affairs, this attempt to deny to other States the right to make citizens of Chinese men who may now be within their borders seems to be a gratuitous thrust, inspired by unreasoning personal hostility to the Chinese.

Edmunds and Ingalls have both declared they shall not support the bill unless Ingalls' amendment is carried, believing that a suspension of more than ten years is unreasonable, and, therefore, not consistent with the treaty. The vote upon this amendment, which though not a test of the strength of the bill, is most significant; yet, taken as showing the inclination of different parties in regard to the question involved, was as follows:

Yeas—Aldrich, Allison, Blair, Brown, Cockrell, Conger, Davis, (of Illinois), Dawes, Edmunds, Frye, Harris, Hoar, Ingalls, Jackson, Lapham, McMillan, Mitchell, Morrill, Saunders, Sewell, Sherman and Teller. Total 23.

Nays—Bayard, Beck, Call, Cameron, (of Wisconsin), Coke, Fair, Farley, Garland, George, Hale, Hampton, Hill, (of Colorado), Jones, (of Florida), Jones, (of Nevada), McPherson, Maxey, Miller, (of California), Miller, (of New York), Morgan, Ransom, Slater, Vest and Walker. Total 23.

What Scoville Says.

WASHINGTON, March 9.

Scoville is here with Guiteau's manuscript for a book describing the trial. Scoville will also write a book. He claims that the trial was unfair, and that shortly after the assassination a secret session of the Cabinet was held, at which District Attorney Corkhill and detective officers were present, at which a conclusion was unanimously expressed that Guiteau was crazy. Notwithstanding this, and Attorney-General MacVegh's frequent statement of his belief that Guiteau was insane, Mr. Corkhill persisted in a prosecution upon this point. Corkhill, in conversation with a reporter, said that the only persons with whom he conferred as to the advisability of prosecuting the prisoner were physicians.

An Important Opinion.

PROVIDENCE, March 9.

In the Supreme Court, this morning, Justices Stines and Tillinghast rendered their opinion in the matter of the sale of the Sprague estate, rejecting the bid of Mr. Lapham (thirty-three cents on the dollar) and advising the sale of the property in bulk by public auction. Judge Potter rendered a dissenting opinion. Prior to the convening of the Court an offer to purchase, the fifth one made thus far, was delivered to the Judges in their private offices. The bid was \$2,900,000, or \$20,000 more than that made by Mr. Lapham. The offer was received too late to be considered by the Court.

Veteran of Three Wars.

OTTUMWA, Iowa, March 9.

Nicholas Remy, a native of France, and a veteran of three wars, died yesterday at Kirkville at the age of 90 years. Remy was Lieutenant in the Grand Army under Napoleon, was captured at Salamanca, Spain, and while being transported on a British vessel bound for London, assisted in a mutiny, which was successful, and made his escape to America. He became a soldier of the Republic in the war of 1812. He served also during the rebellion as principal musician of the Thirty-seventh Iowa gray beard regiment.

Telegraphers' Convention.

CINCINNATI, March 9.

The International Convention of Telegraphers, to be held here March 15, will number among the delegates prominent telegraphers from all parts of the United States and the Canadas. Responses have already been received from more than sixty who will attend, representing three thousand telegraphers.

The Eads Inter-Oceanic Canal Scheme. CHICAGO, March 9.

The Times Washington special says: Senators are alarmed at the denunciation of the Eads job, and it is now announced that a favorable report of the Commerce Committee was only given out of compliment to him, and that when the measure comes before the Senate it will be rejected by a large majority.

The Tables Turned.

CHICAGO, March 9.

A Helena, Montana, special says the United States Marshal there re-

ceived a dispatch, dated March 3rd, from his deputy, John Healy, stating that he is a prisoner among the half-breeds and Indians in their camp on Milk river. The country is full of smugglers and illicit traders, and he had arrested six of the leading men and captured \$3,000 worth of robes, when the Indians captured him and his outfit. He asks aid from Fort Assiniboine, as there are not troops enough at Poplar river, and the Sansa Indians are ready for war. Gen. Rucker, Commandant at Fort Assiniboine, has sent seven companies of infantry and two of cavalry, numbering 400 men, under Captain Norwood, to the scene of the trouble, with instructions to rescue Healy and drive the half-breeds and Crees back into the British territory, whence they came, and it is feared Healy and his companions may be butchered before the troops arrive.

Investigating the Rumor.

WASHINGTON, March 9.

General Rosecrans declines to say anything in reply to the letter published yesterday, purporting to be written by General Garfield in '63. He says he is taking steps to know whether or not the letter is genuine, and will wait the result of these inquiries before saying anything upon the subject. General Rosecrans adds: "As the letter gravely affects the character of General Garfield for truth and veracity, I deem it due to him to first ascertain if it is genuine."

The Bill Passed.

WASHINGTON, March 9.

The Senate at 1:40 resumed consideration of the Chinese Bill, and Hawley took the floor in opposition. He finished speaking at 2:35, and was followed by Jones of Nevada, who, speaking temperately, proceeded to review and criticize the arguments advanced by the opponents of the bill—especially the two Senators from Massachusetts.

The Senate at 5:30 p. m. passed the Chinese Bill—29 yeas against 15 nays.

The Cannon Market.

NEW YORK, March 9.

A Graphic London special says: There has been to-day a sudden, and what promises to be, an alarming fall in prices of nearly all European securities dealt in at the London Stock Exchange. The admitted cause of the decline is the prevalence of the belief, based on apparently authentic reports, that Russia has plainly refused to render to Germany a satisfactory answer in relation to General Skobloff's recent warlike speech.

Wants to Know.

WASHINGTON, March 9.

The Senate Resolutions passed instructing the Secretary of State to ascertain the cause for the imprisonment by the British Government of Daniel McSwenney, a native of the United States and a state resident of California.

The Times' Mineral Point, Wis., special says: Christian Schafer died to-day, aged 96 years. He was a soldier under Napoleon Bonaparte, with whom he was personally acquainted, in several campaigns and at the Battle of Waterloo, where he received a slight wound.

ST. LOUIS, March 9.

Brady's Bail.

WASHINGTON, March 9.

The Star Route cases came up this morning to give the defendants an opportunity to give bail. In the case of T. J. Brady, ex-Assistant Postmaster General, indicted for conspiracy, Bliss said: The history of these cases is

well known. Brady had been an officer of the Government, and the indictment against him and others charges an offense by which the Government had lost about \$500,000. The punishment was two years' imprisonment and a fine of \$1,000, and he submitted that bail should be \$20,000. Wilson, counsel for Brady, said they had examined the indictment and he would state there was no charge in it which could not be successfully met. He thought \$1,000 bail was sufficient. Judge Wylie said the gravity of the charge was greatly underrated by the defense. Here was a party holding a position of trust and he is charged with violating that trust. Whether the charge could be sustained was a question. For the present he would regard it as true. It was trifling to suggest such a sum as \$1,000. He thought that the amount asked by the Government not excessive. The amount will be \$20,000.

Action in the cases of S. W. Dorsey and some others was deferred until to-morrow.

Another Doubtful Letter.

NEW YORK, March 9.

Yesterday morning's Journal published a letter written by Garfield in 1863 which reflected somewhat on Rosecrans. The letter was seen yesterday by a Washington correspondent. Rosecrans said: "I had no idea at the time that I was harboring a person capable of such falseness and double dealing or there would have been a court-martial at once. I did not look for such an exhibition of Garfield's character as this, and am sorry the letter ever saw the light. It should never have been written, for it is composed of untruths and exaggeration."

The Way a Swede Sees It.

Pervading all classes of the Swedish people and controlling them in their plans and ideas is that strong vein of practical common sense which insures a conservatism of conduct and action that proves of singular benefit to them in their daily dealings with men. If one knows of a good thing they are all sure to know of it sooner or later. These were our impressions while perusing a few lines from B. C. Sandberg, of Ogden, Weber county, Utah, wherein he says: I have used St. Jacobs Oil and I wish to tell my countrymen that it is the very best remedy I have ever tried for rheumatism. It is with pleasure that we also present the name of a well-known citizen who can speak intelligently concerning the Great German Remedy: Everybody living on the South side knows J. D. L. Harvey, a gentleman who has been a resident of Chicago for twenty years. His establishment "The Palace Market," Nos. 104, 106 and 108 Twenty-second street, is probably the finest of its kind in the city, and numbers among its customers most of the aristocratic families of that section of Chicago. Mr. Harvey expressed himself on the "oil subject" as follows: "I have spent over \$2,000 to cure my wife of rheumatism. Two bottles of St. Jacobs Oil accomplished what all the medical treatment failed to bring about. I regard it as a greater discovery than electricity. It is a boon to the human race, and I am very glad to have this opportunity of testifying to its remarkable efficacy. I cannot speak too highly of it, and I would be recreant to my duty to those afflicted did I not lift my voice in its praise."

The Henry P. Miller Piano.

The attested fact that the Henry P. Miller Piano has received the recognition and favor of the world's great artists would be sufficient, in addition to that reputation has been won by the severest tests in public institutions throughout the United States. The verdict of all critics is: "The tone of the instrument is superb, silvery, brilliant and full. Call on the agent, M. J. Stinson, at Lake Mansion, and examine a fine square just received from the manufacturer."

Lost His Situation.

The Truckee Republican says: We understand on good authority that Dave Willard, who has for years been engaged as a conductor on the passenger train between here and Sacramento, has been discharged and his place filled by Mr. Connors. The reason given here for Mr. Willard's dismissal is that he was unable to satisfactorily account for the mysterious robbery, which is alleged to have occurred near Blue Canyon last Wednesday morning.

Buried Deep.

There has been, says the Sentinel, about thirty men killed in the Richmond and Eureka Con. — fifteen in each — during the past ten years, but all have been recovered from the depths save Leahy, in the Eureka Con., and two men, killed in the Richmond about six years ago, named — Martin and Ben Treloar, whose bodies are still buried in ground between the 5th and 6th levels.

She Returned.

Miss Kate Hill, who was charged with arson in connection with the burning of the Hill property in Gold Hill, and disappeared immediately after the fire, has returned. The young lady says she went to San Francisco, supposing that nothing was required of her in the case, and with no intention of getting out of the way.

To Asylum Visitors.

The Commissioners have passed an order that hereafter visitors will only be admitted to the Asylum building Thursday and Sunday afternoons. Their excuse for making the order is that the watchman will not have time to show visitors about on any other days.

Messrs. Lonkey & Smith, lumber merchants, are in town to-day.

The GAZETTE has a supply of mourning cards for ladies and gentlemen.

The ladies say I. Barnett has the most extensive stock of dry goods.

The WEEKLY GAZETTE issued to-day is a paper Reno may well be proud of.

There will be work in the first degree of Masonry, at the hall, Saturday evening.

Ed Harris, the Gold Hill assayer, has gone to Pyramid to inspect the J. & K. mine.

Brookins is rushing his building along and will soon have it ready for occupancy.

Ladies' jewelry at Nash's bazaar. Thermometer at 7, 9, 11, 1, 3—17, 26, 33, 39, 39.

S. Jacobs, the tailor, can make a perfect fit, and if you want a first-class Spring suit, go to him.

Capt. Moger has obtained thirty-five names to his military company roll. He thinks it is sure to be a success.

Miss Belle Gardner has been engaged to teach the school at Huffaker's. The trustees made an excellent selection.

Uncle Isaac Barnett keeps everything that any lady requires to make herself beautiful. Go to his store and dress up.

Husbands find less fault in paying bills contracted by their wives at I. Barnett's than in paying any others contracted by them.

Those who have used bell tongue syrup say it is a wonderful medicine and they would not be without it. For sale at Osburn & Shoemaker's.

J. K. Everett says business is good with him and getting better all the time. He thinks the reason is that he has a complete stock and is satisfied with small profits.

The report that McGurn, of Virginia, and Harris Bros., of Carson, are about to move to Reno or open branch stores here, is denied by those who claim to know. They are all good business men, and would do well in Reno if anyone could.

One lady who attended the great bankrupt sale at the Mechanics' Store yesterday said that she never saw dry goods sold so cheap before. She said she bought goods for which she paid \$4, and thought she had enough to clothe her four children for a year.

Narrow Escape. Mrs. Thos. H. Downie, whose husband is employed at the Asylum, was walking up the railroad track, below the Depot hotel, at noon to-day when she was struck by the locomotive of the local train, just pulling into the depot from Carson, and severely injured. Mrs. Downie was knocked down and suffered a severe shock to her nervous system and received a deep, ugly-looking cut under the right eye. The lady was taken to the baggage room and Dr. Bergman summoned. He says her injuries are not fatal, but fears she will lose her right eye. No blame can be attached to the engineer or conductor of the train.

The Latest from the Wounded Lady. The latest report is that Mrs. Downie is more seriously injured than was supposed. She was vomiting blood when the GAZETTE went to press, and it is feared that she was injured internally.

Judge Hillyer's Condition. The Carson Index says that Judge Hillyer has recently had a relapse, and that his condition is scarcely more favorable than it was some weeks ago. It is reported that in response to inquiries from Washington his physicians both in San Francisco and Carson have signed certificates announcing the improbability of his recovery from his mental affliction.

Croup. Alvard Evans came near going over the range where feed is always plenty last night. He has had a bad cold for several days, and last night was taken with croup. Medical aid was promptly summoned and Mr. Evans is some better this morning, but still quite sick.

February's Expenses. The State Controller, Tuesday, drew warrants amounting to \$39,527.93 on account of the State's disbursements for the month of February.

PERSONAL.

Hon. W. E. F. Deal is here. R. B. Mitchell, the lawyer, is in Reno.

Charles Kurst has returned from below.

Mrs. B. F. Small is visiting friends in Carson.

Mrs. B. F. Bacon is visiting her parents in Reno.

Mrs. J. E. Dealy, Carson, is spending a few days in Reno.

Meacham & Blakely, of the Humboldt House, are in town.

W. W. Hobart, formerly State Controller and now Senator from Eureka county, is on the Comstock.

Judge Cossett will act as District Attorney during Mr. Rankin's absence. He can be found at his office.

A Bad Man.

The Enterprise contains the following about a man who has been seen on the streets here for several days past: For the last two or three days a man who has lost both legs below the knees, and who stumps about in leather contrivances somewhat resembling shoes, has been about town begging.

Many persons have doubtless been giving him money, thinking him a worthy object of charity. Yesterday, however, he got very drunk, and while at the corner of Carson and C street, surrounded by a great crowd of school children, acted in a disgustingly indecent manner. Citizens of the neighborhood called in the police and the fellow was taken to the City Jail. There he was fed and kept till sober. Last evening, after being well lectured, the man was given his liberty. He had been at large but about two hours when he was found again acting most indecently. He not only acts indecently, but uses horribly profane and obscene language. He was again carted off to the jail. When arrested he refused to walk a step, and it is necessary to call an express wagon, load him in and cart him off. The authorities feel that they have an elephant on their hands. What to do with the fellow they do not know. It is said he came here from Reno, and further, nothing seems to be known of him. It is not old "Boss" the wood sawyer, but another fellow who has lost his feet.

Will Return Better Prepared Than Ever. This will inform the public and the patrons of the well-known merchant tailor, S. Jacobs, that he is now in San Francisco for the purpose of selecting one of the finest and largest stock of clothes ever brought to this State, and would kindly ask all those who desire gent's wearing apparel made to wait till he returns, when all will have an opportunity to select goods from the latest patterns at prices to suit the purse of the rich as well as the poor. I guarantee to furnish better goods and at cheaper rates than can be got in San Francisco. No fancy prices. I am here to stay, and intend to build up a good business by fair dealing and good work.

A perfect fit guaranteed in all cases. S. JACOBS.

A Hard Year.

J. F. Brown purchased a flock of 2,500 sheep last fall for over \$5,000, and kept them about the Three Forks of the Owyhee. The Silver State says: He recently returned here from California, and yesterday received a letter that not over 40 head of the sheep had survived the winter. The snow, where they ranged, was quite deep, and they died of hunger and cold. For seven years past sheep have done well in that locality running at large, but this year the snow was too deep for them.

A Good Place to Go.

The dull times does not effect Abrahams Bros. They have established a reputation, and are known all over the coast, consequently their business keeps up. When people living at Auburn, California, send here to trade at the White House, instead of buying goods at home or sending to Sacramento, (eighteen miles distant), it is pretty good evidence that Abrahams Bros. are selling goods at low figures.

Chicken Thieves.

John D. Shaw lost some chickens. He tracked somebody from his chicken house over to Suey Fong's restaurant. Back of the restaurant he found fresh feathers on top of the fresh snow and a crop with burnt wheat in it. Shaw feeds burnt wheat, so he thinks the feathers belong to his chickens. He had a Chinaman arrested this morning.

A Long Trip.

Reno will send two more rustlers to Montana this Spring. A. A. Smith and E. A. Vesey will ship a team and two car-loads of work horses to Corinne, and drive from there to Butte City next week. They will be gone all Summer.

Testimonial.

To all who may be suffering from any incurable disease, attention is called to the wonderful cures performed by Mr. A. Zimmer of Reno, Nevada. While Mr. Zimmer does not claim to be a physician, yet, whatever he undertakes is sure to terminate in a permanent cure. The worst kind of diseases, such as cancer and scrofula in all its worst forms, lung liver, heart and kidney diseases, scrofula, lumps and tumors weighing from 5 to 20 pounds, scrofulous sores, eyes and blindness; bleeding and blind piles in the worst form; chronic and inflammatory rheumatism, erysipelas in all its worst forms, neuralgia in the stomach; ulcerated sore legs of all kinds; fits or falling sickness; salt rheum in all its worst forms; the seven kinds of dropsy; milk leg and white swelling; gonorreous or painful ulcers and mercurialization, though proof against the highest skill of renowned physicians and pronounced incurable by them, are all treated by him and invariably the patient recovers and enjoys health thereafter free from all previous ailments. The remedies used by Mr. Zimmer are simple but efficacious, consisting simply of laying on of hands and the use of a few simple medicines of his own. He does not claim any supernatural powers, yet it must be conceded that the wonders he has performed that some powerful agency is allied with him. Numerous cases can be cited of almost miraculous cures, and any person by calling on or addressing me will receive further information concerning the subject, and proofs that the above statements are true. M. C. GUTTENBERG. Boca, Cal., March 2, 1922. —if
